Get ready to fly with the following tips

- Identify the fare or combo and the additional services that you purchased, which are described in this confirmation. On the day of your flight be sure to check that your bags do not exceed the weight restrictions and established measures and if you need any other service, buy it up to 4 hours before your flight departure time to get the best price.
- Make sure that the liquids, sprays or gels that you bring in your carry-on bag are in small containers of maximum **100 ml (3.4 oz)** per article. Remember that they should be stored inside a resealable, transparent plastic bag whose capacity does not exceed 1 liter. You can only carry one bag per person, if your items are larger, they should be stored in your check-in checked baggage.
- Get your boarding pass by doing online check-in through our app (iOS or Android) or website and entering your reservation code and last name. For domestic flights from 4 hours before your flight for the Zero Fare, 8 hours before your flight for the Light Combo, 10 days up to 70 minutes before your flight for the Extra and Smart combos, **only if you already payed the Airport Departure Fee (TUA)**. If you could not print or download your boarding pass, one of our agents at the airport counters will help you print it up to 45 minutes before the departure time of your flight.
- Carry a valid official ID for each passenger, including minors. For international flights only valid passports and immigration documents required by the destination country will be accepted. Check the documents you need to show at <https://www.vivaaerobus.com/en/info/get-ready-to-fly>
- Check the additional documents that are required to travel with infants, minors, unaccompanied minors, pets, musical instruments, sports gear or if you have any special need.
- To check your baggage, you need to arrive at the airport check-in counters **2 hours before** the scheduled departure time of your **domestic flight** and **3 hours before** if you have an **international flight**. Our check-in counters close **45 minutes** before on domestic flights and **70 minutes** before international flights. It is important that you are at least **35 minutes before** your flight at the boarding gate on **domestic flights** and **60 minutes before on international flights**, otherwise you could miss your flight.
- You can make itinerary changes in your reservation by paying the rate difference if applicable, or you can cancel your reservation without charge or penalty only within the first 24 hours of your purchase, as long as the flight departure date is at least 7 days after your request.
- If you need the invoice of your flight, you have **10 calendar days** to obtain it with our sales agents at the check-in counters, through our Call Center or in our electronic invoice website.
